MEDICAL DECLARATION AND POLICY

Kid Kingdom International Kindergarten strictly follows a medical policy in relation to children who may have become ill at school or who come back to school sick.

1. Sick Children:

If a child becomes ill at school and shows the onset of a developing sickness – such as fever, influenza, chicken pox, HFMD, other common childhood diseases, or the symptoms are of concern that the illness may spread to other children, the school's duty of care obliges us to hand the child over to the care of their parents as quickly as possible.

The parents will be called and asked to collect the child from the school. The child will be waiting in the first aid room.

In the case of contagious disease, the parents are required to keep the child at home until they have a doctor's clearance to return to school.

2. Approval to take the following actions in relations to child health:

- Allow the school staff / teacher to conduct bi-yearly measurements of growth – measuring body weight and height.
 - Where there is suspicion of head lice, to check a child's hair.
3. The school requires that certain exceptions from parental permission be available for operative and therapeutic procedures on students. This form must be signed by parents so that emergency procedures may be carried out promptly, and so that no unnecessary delays occur with less urgent operative procedures. However, if there are any injuries that is deemed serious by our school nurse, the parents will be informed immediately.

I give permission for such medical procedures as may be considered necessary for my son/daughter.

Accident Insurance:

Our school accident insurance policy covers up to 10,000 Baht in medical expenses for each accident.
